Standards

Japanese Agricultural Standards (JAS) on production processes of organic agricultural products and organic agricultural product processed foods and/or re-packers and Control Union Certifications (CU) Standards.

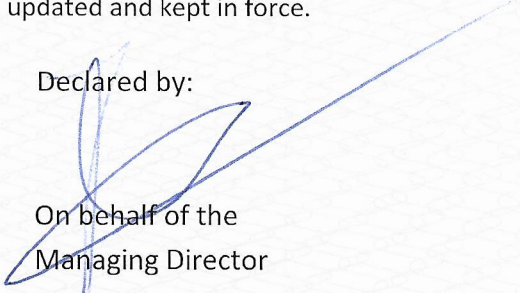

The above standards have no provisions for those operators who are distributing, storing or solely trading with organic products and handling nonfood products. Therefore a JAS certificate for these operators cannot be issued.

Nevertheless Control Union Certifications declares to have inspected the unit(s) and product(s), of the above-mentioned operator, and have found them in accordance with the standards mentioned above. This declaration covers the unit(s) and product(s) as mentioned in the authenticated annex of this declaration.

This declaration is in force until further notice, provided that the above-mentioned operator continues meeting the conditions as laid down in the contract with CU. Based on the annual inspections that CU performs, this declaration is updated and kept in force.
